

Official Form No. 25a (formerly 1a)
YEAR-END LODGE STATISTICS RECAP
—For Inclusion in the Printed Grand Lodge Proceedings—

(Please print legibly or use the computer fillable Form 25a at: <http://www.mainemason.org/resources/secretaryforms.asp>)

Reporting Period: This form is to be attached to the current year’s INSTALLATION OF OFFICERS RETURN, but used to provide a recapitulation of the Master’s year in office for the year just concluded. When counting meeting held, start with the one held for his installation into office —unless that installation was done as part of the annual meeting at which he was elected for the year just concluded, in which case it was already counted in the preceding reporting period— and end with the most recent stated or special meeting held previous to this year’s installation —unless that installation was done as part of the most recent annual meeting, in which case it will count as part of the total.
